

Elie House 11

Property Type **Apartment**

Sleeps **6**

Change over **Flexible**

Short Breaks **Available**

The original Elie House was built in 1697, incorporating the remains of an earlier structure. The building became a convent in the 1970`s and has recently been converted into a number of luxury residences. This stunning 3-bedroomed modern, upper floor apartment (lift access to top floor, however there are a few steps to access flat) in Elie house, is set in beautiful grounds only a short distance from the village centre and beach.
